The “knock knock” and “tap tap tap” as well as the name Fred A → Fred Astaire, the famous tap dancer are referring to the use of tap code in this puzzle. The name Jack N. → Jack Nicklaus is in reference to the famous golfer. The “tap tap tap” also implies the use of tap code, and the fact that Jack Nicklaus was a golfer plus the scorecard at the end points us to match each of the birds with the number under par that it represents in golf.
