

Moneyball
SOLUTION

Spring 2018

The title is a reference to both the movie about baseball, and in part, to Powerball lottery numbers. The format of the numbers also hints at lottery numbers.

Looking up the numbers and indexing into the alphabet using the associated Powerball value gives ALMOST, hinting that the solver is not finished. Looking up the movie Moneyball, shows it is about the Oakland Athletics baseball team. Looking up the games the Oakland A's played on the day of the winning powerball numbers and taking their scores spells DABBED.
