

Bob's Creamery [SOLUTION]

The images are rip offs from Ben & Jerry's Ice Cream. The flavors are modified from the listings of pint flavors from the Ben & Jerry site [here](#). As the flavor text suggests, there is something still in common with Bob's flavors and the original flavors - namely one letter is in the same position in each of the flavors as their corresponding original flavor:

Bob's Flavor	Original Ben & Jerry's Flavor	Common Letter
Darkening Mists	Americone Dream	N
Tempura	Vanilla	A
Dearest Baked Egg	Bourbon Pecan Pie	R
Canned Lychee	Cherry Garcia	C
Leopard Pancreas	Blondie Ambition	O
Peanut Float	Banana Split	T
Aging Lime	Phish Food	I
Eroding Centipedes	Pumpkin Cheesecake	C

This spells NARCOTIC.
