

Food Trucks [SOLUTION]

The flavor text suggests this has to do with braille and colors. The ordering of the letters is ROYGBIV, which is implied by the sign at the bottom. So for the first letter, all food trucks which have red are filled dots in the braille.

Colour	Red	Orange	Yellow	Green	Blue	Indigo	Violet
Pattern	○● ●○ ●○	●○ ○● ○○	●○ ○○ ○○	●● ○○ ○○	●○ ○○ ○○	●○ ○○ ●○	●○ ○● ○○
Letter	S	E	A	C	A	K	E

It should spell SEACAKE, a food at [Real Food Daily](#).
