

Fine Dining [SOLUTION]

The flavor text and title hints at the episode "Squilliam Returns" from the show Spongebob Squarepants, where Spongebob acts as a waiter and is told to empty his mind and only think about fine dining. Also in the [transcript](#) of the episode, four things about fine dining that are in the book Spongebob is reading are explicitly mentioned:

1. Spoons
2. Bread
3. Salad
4. Pepper

The flavor text hints to remove everything that doesn't relate to fine dining (these four words) - specifically remove anything that cannot be appended or prepended to one of these four words to make a valid meaningful word/two word phrase. The numbers in parenthesis indicate how much to index into the words. The result is:

Wheat Bread [W]

Pepper **Jack** [A]

Fruit Salad [F]

Pepper **Flakes** [F]

Tablespoons [L]

Bread **Basket** [E]

Doctor Pepper [C]

Soup Spoons [O]

Saladin [N]

Silver spoons [E]

Bread **Sticks** [S]

The phrase spelled out is WAFFLE CONES, which can be found at [Bengees Ice Cream Crafters](#).
